

EXERCISE SCIENCE MAJOR | E-MED COLLEGE | EXERCISE SCIENCE MAJOR | MCA

The following course sequence is recommended; however, there is flexibility within the schedule. This schedule will require a “GAP YEAR” between graduation from Hope College and entrance into medical school the following year.

BIOL 221 must be taken before taking KIN 321. KIN 150 should be taken as early as possible and before KIN 321. MATH 115 must be completed before taking KIN 310. KIN 200 must be taken before KIN 300, and KIN 300 must be taken before KIN 383. Additionally, KIN 321 must be completed before taking KIN 421. KIN 321, 310, CHEM Pre-req., and MATH 115 must be completed before taking KIN 422.

The following sequence of courses serves as a **suggestion** only and variances may occur. Many medical schools may have different pre-requisites; therefore, you should see the health professions advisor **AND** an exercise science advisor as soon as possible. In addition, you should check required courses for medical schools to which you plan to apply.
